58 GALLON

First legal gasoline replacement tank for newer Ford Super Duty trucks!

Transfer Flow introduces the first-in-the-nation gasoline high-capacity replacement fuel tank for 2020-22 Ford F-250 and F-350 Super Duty short bed, crew cab pickups with 7.3L engine. The 58-gallon fuel tank system passed extensive emissions testing and has been granted an executive order from the California Air Resources Board.

The fuel tank is made from American-made 12-gauge aluminized steel for superior strength and corrosion resistance, and includes exterior fuel lines and a highly engineered emission system. Each fuel tank is equipped with internal baffles for additional durability and to reduce fuel slosh. This system has a complete installation kit, including straps and mounting hardware, to get the heavy-duty tank mounted and ready for the road. Comes with a 6-year, unlimited mile warranty.

6 1/2 FT BED CREW CAB

Fits: 2020–25 Ford F-250/F-350 with 7.3L engine
Fuel: Gasoline
Ship Weight: 239 lb.
